

EMERGENCY CARE CENTERS

Emergency Care Centers

OakBend Medical Center's three emergency care centers feature physicians with advanced training in trauma life support skills and nurses with advanced training in trauma nursing core curriculum, critical care, and pediatric care. The emergency care centers are affiliated with local nursing schools to provide clinical rotations

for RN and EMT students of all levels. Our air ambulance has transfer agreements in place with several Texas Medical Center hospitals for the care of severely injured trauma patients and pediatric patients.

Emergency Care Center Features:

- No Wait ER Guarantee
- Stroke Certified
- STEMI Program (Heart Attack Care)
- Only permanently-based air ambulance in Fort Bend County provided by PHI Air Medical
- Only Level III (Advanced) Trauma Center in Fort Bend County at the Jackson Street Hospital Campus
